CORE VALUES

Individual Worth

Miami Killian Senior High School’s foundation is built on a shared belief that all students can learn, achieve, and succeed and that each student is a valued individual with unique intellectual, physical, social, and emotional needs.

Active Student Engagement

At the core of Killian’s instructional practices is a belief that students learn best when they are actively involved in the learning process and have a variety of instructional approaches and co-curricular activities to support that process. Instructional practices will incorporate learning activities and evaluation techniques that take into account differences in learning styles.

High Expectations

Clear goals and high expectations for student achievement will guide the development of the curriculum and the design of instructional strategies and learning activities.

Productive Environment

Optimum student achievement takes place best in a safe, clean environment where parents, students, administrators, teachers, and community members share responsibility and take an active role in support of the school’s mission.

Personal Excellence

Students will be encouraged to live a life enriched by academic, artistic, and athletic expression. Students will be provided every opportunity to develop into well-rounded, competent, and self-confident citizens, able to set immediate and long term goals to achieve success in the development of a healthy lifestyle, personal integrity, character, and the acceptance of self and social responsibility.
